

**GOVERNMENT OF INDIA**  
**CENTRAL PUBLIC WORKS DEPARTMENT (CPWD)**  
NOTICE INVITING TENDER (NIT) — NIT No: CPWD/ND/2026/W-412

**1. Scope of Work**

Supply, laying, jointing, testing and commissioning of mild steel and high density polyethylene pipelines for drinking water supply and distribution network in Zone-IV.

**2. Technical Specifications & Material Compliance**

All materials supplied under this contract must strictly adhere to the following technical parameters and Indian Standards:

| Item No. | Item Description                                         | Cited Indian Standard | Nominal Diameter     | Pressure Class |
|----------|----------------------------------------------------------|-----------------------|----------------------|----------------|
| 1.01     | Mild Steel ERW Galvanized Tubes for Water Distribution   | IS 1239:1990          | DN 50mm - DN 100mm   | Medium Class   |
| 1.02     | Electrically Welded Steel Pipes for Water Mains          | IS 3589:1991          | DN 300mm to DN 600mm | Class Fe 410   |
| 1.03     | High Density Polyethylene (HDPE) Pipes for Potable Water | IS 4984:1995          | DN 63mm to DN 160mm  | PN 10 / PE 100 |
| 1.04     | Precast Concrete Pipes for Stormwater Culvert Crossing   | IS 458:1988           | DN 450mm             | Class NP2      |

**3. General Instructions & Testing Requirements**

The contractor shall produce manufacturer test certificates for mechanical strength, hydrostatic pressure testing, and hot-dip galvanizing coating thickness prior to dispatch of materials to the project site.
